

milliontreesNYC™

A PLANYC INITIATIVE WITH NYC PARKS AND NEW YORK RESTORATION PROJECT

The following is a list of questions that will be helpful in narrowing down your tree species. Bring it with you on your trip to purchase your tree and note responses in the given spaces.

What is the tree's mature height? _____

What is the tree's projected longevity? _____

How fast will this tree grow? _____

What is the tree's mature shape? _____

What are the tree's soil requirements? _____

Does the tree require a shady or sunny site? _____

Does the tree require a wet or dry site? _____

Is the tree sensitive to salt? _____

Describe the tree's flowers and fruits _____

What is the tree's autumn/spring color? _____

Is the species unusually susceptible to certain insects or disease, or to storm damage?

Is it cold hardy for your area? Can it withstand cold weather?

Note Species you choose:

Choice 1 _____

Choice 2 _____

Ask if the nursery or garden center guarantees its plant material.
